**BENEFITS:**

Your annual Alliance fees give something back, something that makes those fees free with only tiny participation in the program. Each participating merchant will offer something in recognition of the partnership the resident displays by joining the Alliance. One purchase could pay you back, making your investment in the prosperity of your city one of the smartest financial decisions you could make. The logo on your card will be displayed at all participating businesses. Seek out those logos and enjoy the satisfaction of knowing you're among those that do care and are willing to invest for the betterment of all and save money while you're at it!

**REQUIREMENTS:**

**Must Love Wyandotte!**

Advocates recognize that involvement with the Wyandotte Independent Business Alliance (WyandotteIBA) reflects an important, long-range strategy of maintaining a sustainable local economy. I will be an active advocate for WyandotteIBA by supporting Wyandotte local independent businesses' as often as possible and I will urge my family and friends to do the same.
